## MILLS HAS SALARY RAISED

The board of education, at the regular meeting held Wednesday evening, increased the salary of the superintendent of schools to \$1,200, and re-elected Superintendent John M. Mills for a term of two years. A fund of \$200 was also voted to Mr. Mills to defray his expenses while he is attending the National Educational association convention which is to be held in Chicago July 6 to 12 inclusive.

The Misses Josephine Monk, Winifred Quigley, Leone Bruce, Elizabeth Halstead, Edna Davenport and Myron E. Wade were elected to positions on the teaching staff to fill vacancies.

About 120 of the old teachers have signed contracts for the coming year.

The matter of doing away with the office switchboard and installing private telephones in each of the school buildings next year was favorably argued and referred to the finance committee.

The salary of Mr. Hobson, instructor in penmanship, was raised from \$900 to \$1,000 a year on the five-year schedule.

The board decided to have city water connected with the West Ogden school building this summer.

### HAPPY RESULTS.

Have Made Many Ogden Residents Enthusiastic.

No wonder scores of Ogden citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Ogden by Doan's Kidney Pills.

R. H. Tully, 559 E. Twenty-first street, Ogden, Utah, says: "The strain on my back, while working in the Union Pacific car shops, brought on kidney trouble in my case. My back became lame and painful and there were other distressing annoyances that plainly proved my kidneys were disordered. Doan's Kidney Pills had been used by my family in England and deciding to try them, I procured a box from Badcock's Pharmacy. The contents of this box removed my trouble. I highly recommend Doan's Kidney Pills to all sufferers from kidney complaint. The public statement a member of my family gave in my behalf in 1906, telling of my experience with Doan's Kidney Pills still holds good, as my cure has been permanent."

It was, nevertheless, the greatest unaided leap ever made by a human being ever made.

## WIFE ENDS LIFE BESIDE HUSBAND

Brigham, Utah, June 5.—Convinced that love had flown from her, Mrs. Josephine Smith, a bride of nine months, shot herself as she lay in bed beside her husband, William D. Smith, at 7 o'clock this morning.

"Goodbye, honey," were her last words addressed to her husband. She drew a revolver from under the pillow and fired. The bullet entered above her right ear, causing death a few minutes later.

Smith was taken in custody by the officers and held at the city jail pending an investigation. Later letters were found, written by Mrs. Smith, in which her suicidal trend of mind was made apparent. One letter said that she was sure her husband no longer loved her and that she did not care to live without love.

At the report of the revolver Smith jumped from the bed, took the weapon from his dying wife and called the police and a doctor. The woman died before help arrived. Smith was released from custody after the investigation. He is employed as night yardmaster at the Cuprum yards of the Denver & Rio Grande railroad. He went home and retired as usual at 6 o'clock in the morning. His wife prepared lunch for him and appeared in a happy frame of mind.

"We had some discussion after retiring about her staying out late at night," said Smith, "but there was no serious quarrel."

Before her marriage Mrs. Smith was Miss Ward. She came to Brigham from Los Angeles two months ago. Her mother lives at Helena, Mont.

### MARIS-KELEY WEDDING.

One of the prettiest little home weddings that could be witnessed in June, the month of weddings, was solemnized yesterday, June 5th, at 4 p. m., at the home of the bride's mother, Mrs. L. J. Kelley, 2445 Quincy avenue, when the Rev. H. D. Zimmerman, pastor of the First Baptist church, united in the holy bonds of matrimony, Selma Helen Kelley to Harry Boyd Maris, of Jackson, Wyoming.

The cozy little home on Quincy avenue was artistically decorated with smiles, carnations, and potted palms for the occasion. The bride and groom knelt for the opening benediction. The music during the beautiful ceremony, added both to the dignity and solemnity of the occasion.

The bride wore a beautiful gown of white crepe de melle, and carried a shower bouquet of bride's roses and lilacs of the valley, interwoven with white ribbon.

Among the forty guests present, were Mrs. J. A. Maris, and Miss Rae Maris of Stockton, Kansas, mother and sister of the groom. Also the Misses Mary and Alice Showalter of Salt Lake City. The caterer served a most tempting wedding repast.

The gifts were of exceptional beauty, including cut glass, silver, and an abundance of fine linen, showing the esteem in which the bride was held by her many friends in the city. The groom is in the employ of the Forestry service, and is to be congratulated on securing such an excellent home for his bride.

Mr. and Mrs. Maris will be at home to their friends, at Jackson, Wyoming, after October 1. The best wishes of their host of friends go with them to their new home, and into the new life.

## Health and Beauty Hints

BY MRS. MAE MARTYN.

Maiden: I am glad you value your youthful complexion, and if you avoid powder and rouge and use this spumax lotion the skin will always remain divinely fair. Put 4 ounces spumax in 1-2 pint hot water (or switch hazel), then add 2 teaspoonsful glycerine. Apply the lotion sparingly to the skin and rub lightly until it vanishes. Your mother will like the spumax lotion, because it dispels that shiny, sallow condition and gives a tone and velvety softness to rough skins unknown to users of powder. The spumax lotion is invisible when on and perspiration will not spot nor streak it.

Belle: No, glasses will not give a sparkle to dull eyes. Before you visit the oculist make up and use this harmless, inexpensive eye tonic, and I am sure you will be saved the expense and annoyance of glasses. Dissolve an ounce crystals in a pint cold water. Putting 2 or 3 drops in the eyes daily will relieve the smart and ache, overcome the bloodshot condition and give to dull, expressionless eyes a fascinating charm and brilliancy.

Mrs. Ben: You ought not be sickly, and you won't any longer if you make up and use this good, old-fashioned tonic and regulator: Dissolve 1-2 cupful sugar in 1-2 pint alcohol, then stir in 1 ounce kaffee and add hot water to make a quart. The dose is a tablespoonful before each meal. A course of the kaffee treatment rids the body of all impurities, makes rich, red blood and builds up worn, waste tissues. Follow my suggestion and your health will soon return, and instead of a "muddy," oily, blotchy skin, it will be clear and radiantly beautiful.

Edith: I always make it a rule never to recommend a recipe unless I know exactly what it will do and am convinced that it is quite harmless. Farnots will dissolve your fat quickly and gently, without present or future ill effects. To prepare, dissolve 4 ounces paraffin in 1 1/2 pints hot water, and when it cools take a tablespoonful before each meal. This will remove every ounce of superfluous fat and leave the skin smooth.

C. Q. D.: It is distressing, I know, but if you use plain canthrox for

cleansing the hair and scalp you will not be bothered further with excessive oiliness and profuse dandruff. A teaspoonful canthrox dissolved in a cup hot water is ample for a thorough shampoo, and when this is poured on the head and rubbed up into a thick, white lather it stops the itching instantly. After rinsing, your hair and scalp will be wonderfully clean and sweet, and the hair will dry quickly, with a rich gloss and even color. Occasional shampoo with canthrox will induce a luxuriant growth of beautiful hair.

Ada: Brooding will not help your complexion. In fact, worry causes wrinkles and crow's feet. Make up and use this almond cream-jelly and before long the oiliness will disappear, sallowness will vanish and the skin will assume a velvety texture and that youthful tint much sought after. Into 1-2 pint cold water stir 2 teaspoonfuls glycerine, then add 1 ounce plain almond. When thoroughly dissolved, apply freely to skin and rub in well. This cream-jelly is especially fine for removing pimples and blackheads and reducing large pores around the nose. Used during the heated term it prevents freckles, tan and sunburn.

May B.: Oily, sticky hair indicates an unhealthy scalp, and to correct this condition you should use a plain quinine hair and scalp tonic, made by mixing together 1-2 pint each water and alcohol and 1 ounce quinine. The use of this inexpensive tonic banishes excess oiliness and profuse dandruff and gives to dull, faded, brittle hair a gilt and rich color and silky softness truly charming.

Nadine: Put plain pyroxin on your eyebrows with forefinger and they will grow in thick and silky. To make stubby eyelashes grow long and curly, apply pyroxin to lash-roots with thumb and forefinger. Be careful, however, and don't get any where no hair is wanted.

J. M.: Those aggravating hairs can be banished for all time with one application of a delicate paste. Mix enough powdered delatone and water to cover the hairs, not wanted, then after 2 or 3 minutes rub off, wash the skin and it will be soft, smooth and hairless.
